When it was introduced with the first-ever Break-Away™ bottom bar, the Fast-Seal high-speed rolling door changed the industry forever. Suddenly, a roll door was able to take a hit without suffering damage.

It is this concept around which the industry has grown, but no other manufacturer has matched the dependability or durability of the Fast-Seal with the original Break-Away bottom bar. Along with its patented counterbalance and tension system, the Fast-Seal remains the best exterior high-speed fabric roll door on the market today.

**High Speed**
- Opening speed of up to 50 inches per second helps improve traffic flow

**Safety is Standard**
- Dual photo eyes in side columns
- Bottom bar reversing edge

**Takes a Hit™**
- Patented Break-Away bottom bar resets in just seconds

**System II®**
- Independent design permits effective break away
- Provides ability to handle high wind loads and negative pressure

**Ry-Wi® Wireless System**
- State-of-the-art wireless technology eliminates coil cords
- Two-way communication with total frequency control ensure safety

**Low Maintenance**
- System II comes with a lifetime warranty on all counterweights and tension springs
**Fast-Seal®**

**High Performance Rolling Door**

### Size/Dimensions
- Up to maximum 35’W or 24’H
- Maximum size up to 600 sq ft
- 14” and 17” Side Column Configurations

### Travel Speed
- Opening speed up to 50 inches per second

### Operation
- Patented System II® design separates counterbalance and fabric tension
- Power drive system with electric motor/brake
- Counterbalance system consists of guided counterweights custom-sized to provide proper balancing of each door
- Independent tension system maintains constant panel tension

### Construction
- Fully bolt together, reinforced side frames
- Full-height vinyl door seals
- Vinyl loop seal on bottom bar

### Panel Design
- 85.5 oz, 3-ply Rylon™ material
- Vertically flexible, but laterally stiff material helps door panel remain within the guides even if there is wind or pressure
- Puncture-resistant, polymer-impregnated monofilament polyester fabric

### Break-Away™ Bottom Bar
- Patented heavy-duty Break-Away end brackets allow the wireless bottom bar to release in either direction without damaging the door
- Dual cut-off switches automatically shut off motor when bottom bar is impacted
- Bottom bar can be reassembled without tools

### Safety is Standard
- Pathwatch® Safety Light System
- Dual thru-beam photo eyes
- Sensitivity-adjustable pneumatic reversing edge
- Ry-Wi® Wireless System

### Warranty
- One-year limited warranty on mechanical and electrical components
- Five-year limited warranty on 3-ply Rylon panel material

### Options
- 2-ply Rylon door panel
- 17” or 24” removable windows or screens
- Full screen door panel
- Hood cover, flat or slant
- Wind bars
- Severe duty motor
