The Pharma-Roll® door is specifically designed to meet the operational and sanitary requirements of pharmaceutical and processing applications while maintaining pressure differentials. The Break-Away™ system allows for quick release and reset if impacted to avoid damage to the door.

Innovative engineering means the Pharma-Roll door provides all the maintenance-saving and efficiency benefits of a high-performance door while allowing for easy wipe-down cleaning.

**Sanitary Design**
- Stainless steel bottom bar and removable side covers allow full wipe-down of all surfaces
- Smooth vinyl door panel

**Safety is Standard**
- Full-width PVC vision window, dual thru-beam photo eyes and bottom bar reversing edge

**High Speed**
- Opening speed of up to 50 inches per second improves traffic flow and operational efficiency

**Smooth Operation**
- Advanced System 4® door controller enables precise door positioning, speed adjustment and control of all door functions

**Tight Seal**
- Full-height weatherseal
- Fabric loop seal on bottom bar
# PHARMA-ROLL®
## HIGH PERFORMANCE ROLLING DOOR

### PHARMACEUTICAL

#### Specifications subject to change

### Size/Dimensions
- Up to 12’W x 12’H
- 17.2” (w/o hood) or 20.2” (w/hood) headroom above lintel
- 16.5” head projection
- 4.2” side column projection
- 7” (w/o hood) or 8” (w/hood) side clearance, non-drive side
- 15” (w/o hood) or 16” (w/hood) side clearance, motor side
- Motor placement on right or left side

### Panel Design
- Smooth vinyl panel material
- Full-width replaceable vision panel
- Puncture-resistant, polymer-impregnated monofilament polyester fabric
- Aluminum wind ribs

### Travel Speed
- Opening speed up to 50 inches per second

### Operation
- Variable-speed AC drive provides soft acceleration and deceleration
- Independent opening and closing speeds provide flexibility to meet any application

### Engineered for Cleanability
- Fully bolt together side frames
- 304 stainless steel and #4 finish removable side frame covers for easy cleaning - no tools required
- Stainless steel components allow for easy wipe down to ensure sanitary conditions
- Stainless clad bottom bar with only a 3-inch profile height

### Perimeter Seals
- Full-height weatherseal to provide a tight seal against panel
- Vinyl loop forms a tight seal on the floor
- Top seal completes the full perimeter seal

### Electrical Controls
- System 4® controller housed in a NEMA 4X rated enclosure with factory set parameters
- Intelligent processor monitors and controls power consumption during operation
- Advanced self-diagnostics for troubleshooting

### Break-Away™ Bottom Bar
- Quick-Set™ Break-Away™ tabs allow the wireless bottom bar to release in either direction without damaging the door
- Dual cutoff switches automatically shut off motor if bottom bar is impacted
- Auto reset with a push of a button after bottom bar is aligned

### Perimeter Seals
- Full-height weatherseal to provide a tight seal against panel
- Vinyl loop forms a tight seal on the floor
- Top seal completes the full perimeter seal

### Warranty
- One-year limited warranty on mechanical and electrical components
- Three-year limited warranty on 2-ply Rylon™ panel material

### Options
- 2-ply, 3-ply or USDA/FDA-compliant door panel with multiple color options
- Hood and motor cover
- Fiberglass wind ribs
