High Speed Doors for Parking Applications

Commercial · Government · Residential · Public Garages · Universities · Hotels · Arenas · Hospitals
**High Performance Doors for Parking Applications**

**Spiral®**
- Exclusive, patented technology
- Rigid aluminum double walled slats with integral rubber weatherseals
- Insulated, ventilated or vision slat options available
- Opening speed up to 60 ips

**Spiral® VT**
- Maximize fresh air with ventilated slats to meet ventilation requirements of garage
- Provides air flow and security for high-speed, high-cycle applications
- Opening speed up to 100 ips

**Spiral® HZ®**
- Missile impact tested and certified to withstand winds up to 175 mph
- Only high-speed door on the market to have a Miami-Dade County, Florida, NOA for use in a HVHZ
- Opening speed up to 60 ips

**Spiral® FV®**
- Full width continuous window slats provide excellent visibility
- Sleek, high-tech aesthetics
- Shatter-proof and scratch resistant LEXAN™ slats
- Opening speed up to 100 ips

**Spiral® LP®**
- Low profile side column and headroom configuration allows to fit into tighter spaces
- Rigid aluminum double walled slats with integral rubber weatherseals
- Insulated, ventilated or vision slat options available

**Spiral® LH®**
- Low lintel design requires only 10 inches of headroom
- Rigid aluminum double walled slats with integral rubber weatherseals
- Insulated, ventilated or vision slat options available
- Opening speed up to 60 ips

**PredaDoor® NXT®**
- 2-ply or 3-ply Rylon™ door panel with five-year warranty
- Direct drive operation
- NXT Quick-Set™ repair system for realignment if hit
- Opening speed up to 50 ips

**Fast-Seal®**
- Industry-leading high-speed rolling door
- 3-ply Rylon™ door panel
- Dual counterweights and independent curtain tensioning system
- Opening speed up to 50 ips

**Powerhouse®**
- SBR rubber panel with self-supporting steel side columns
- No torsion springs or wear parts - virtually eliminating maintenance
- Resistant to high pressure wind loads
- Small footprint for tight spaces

**Spiral® HZ®**
- Missile impact tested and certified to withstand winds up to 175 mph
- Only high-speed door on the market to have a Miami-Dade County, Florida, NOA for use in a HVHZ
- Opening speed up to 60 ips

**Fast-Seal®**
- Industry-leading high-speed rolling door
- 3-ply Rylon™ door panel
- Dual counterweights and independent curtain tensioning system
- Opening speed up to 50 ips
**HIGH PERFORMANCE TECHNOLOGY**

**Our Spiral Series doors offer a unique spiral track design that ensures no metal-to-metal contact for ultra-quiet operation. This also guards against wear and tear on the aluminum panel, resulting in minimal maintenance, preserved aesthetics and longer life.**

**SAFETY FOCUSED**

Rytec high-performance doors offer a full array of safety features to provide safeguards and assure operational standards.

- Advanced³ Light Curtain System
- Pathwatch® and Pathwatch® II Safety Light Systems
- Dual thru-beam photo eyes
- Ry-Wi® Wireless System

**PERFORMANCE UNDER CONTROL**

Our next generation System 4® as well as remote door controllers provide greater functionality and unprecedented efficiency. Featuring smart technology, easy installation and a standard NEMA 4x rated enclosure.

---

**REDUCED MAINTENANCE COSTS**

- Specifically engineered for high-traffic, high-cycle environments
- Assured operation without expensive ongoing maintenance
- Fabric and rubber door models can withstand vehicle impact and be reset in seconds, without tools

**LASTING RELIABILITY**

- Engineered to withstand the daily rigors of use and last for millions of operating cycles
- High-speed operation assures smooth, efficient, high-volume traffic flow
- Custom manufactured for optimal fit and performance

**IMPROVED SECURITY**

- Rapid opening and closing prohibits unauthorized access
- High speed operation optimizes traffic flow by reducing waiting time
- Cycle speeds deter ‘tailgating’ or ‘piggybacking’ activity

**STYLISH AESTHETICS**

- Modern, crisp lines and materials coordinate with many types of architectural styles
- Variety of RAL classic or custom match colors and additional options to help fit the visual appeal of individual structures and buildings

Rytec doors offer our customers the highest value and day in, day out performance — and are supported by the knowledge and expertise of dedicated employees, authorized dealers and trained installers across North America. With over 100,000 doors in operation — many with millions of operating cycles — our doors provide energy savings, safety and security and require only minimal maintenance.
