HIGH PERFORMANCE DOORS FOR AUTOMOTIVE DEALERSHIPS
High Performance Doors for Automotive Dealerships

Spiral®
- Exclusive, patented technology
- Rigid aluminum double-walled slats with integral rubber weatherseals for resilience
- Insulated, ventilated or vision slat options available
- Opening speed up to 60 ips
- 5-year limited warranty on motor/mechanical components and materials

Spiral® HZ® (Hurricane Zone)
- Missile impact tested and can withstand winds up to 175 mph
- Certified for compliance with Miami-Dade County and/or the Florida Building Code.*
- Opening speed up to 60 ips
- 5-year limited warranty on motor/mechanical components and materials

Spiral® LH®-HZ® (Low Headroom, Hurricane Zone)
- Missile impact tested and can withstand winds up to 175 mph
- Certified for compliance with Miami-Dade County and/or the Florida Building Code.*
- Low lintel design requires only 10 inches of headroom
- Opening speed up to 60 ips
- 5-year limited warranty on motor/mechanical components and materials

Spiral® VP (Value/Performance)
- Compact profile allows door to fit almost anywhere
- Direct drive or balanced operation great for lower speed and lower cycle applications
- Insulated, ventilated or vision slat options available
- Standard, vertical or high lift track configurations

Spiral® FV® (Full Vision)
- Full-width, shatter-proof and scratch resistant LEXAN™ slats provide excellent visibility
- Standard clear plus bronze and grey tinted options
- Sleek, high-tech aesthetics
- Opening speed up to 100 ips
- 5-year limited warranty on motor/mechanical components and materials

Spiral® LH® (Low Headroom)
- Low lintel design requires only 10 inches of headroom
- Rigid aluminum double-walled slats with integral rubber weatherseals for resilience
- Insulated, ventilated or vision slat options available
- Opening speed up to 60 ips
- 5-year limited warranty on motor/mechanical components and materials

Spiral® LP (Low Profile)
- Low profile side column and low headroom configuration reduces clearances
- Rigid aluminum double-walled slats with integral rubber weatherseals for resilience
- Insulated, ventilated or vision slat options available
- 5-year limited warranty on motor/mechanical components and materials

PredaDoor® NXT®
- 2-ply or 3-ply Rylon™ door panel with 5-year warranty
- Direct drive operation
- NXT Quick-Set™ repair system for realignment if hit
- Opening speed up to 50 ips

For applications requiring a heavy-duty counterweight and independent curtain tensioning system, see the Rytec Fast-Seal® door on our website.

*Notice of Acceptance (NOA) from Miami-Dade County, Florida NOA No. 23-0406-01 and/or Florida Building Product Approval FL# FL28502-R2
**High Performance Technology**

**Patented Spiral® Technology**
Our Spiral Series doors offer a unique spiral track design that ensures no metal-to-metal contact for ultra-quiet operation. This also guards against wear and tear on the aluminum panel, resulting in minimal maintenance, preserved aesthetics and longer life.

**Safety Focused**
Rytec offers multiple standard and optional safety features to provide safeguards and assure operational standards.
- SmartSurround® Detection & Alert System
- Advanced³ Light Curtain Safety System
- Pathwatch®/Pathwatch II Safety Light Systems
- Reversing edge with Ry-Wi® Wireless System
- Dual thru-beam photo eyes

**Performance Under Control**
Our next generation exclusive System 4® and BTA4 remote door controllers provide greater functionality and unprecedented efficiency for Rytec doors. Featuring smart technology, easy installation and a standard NEMA 4X rated (or equivalent) enclosure.

---

**Improved Working Environment**
- Air infiltration is minimized with fast opening and closing speeds to help maintain temperature
- Better temperature control consistency attracts highly-skilled auto technicians
- High-speed performance assures efficient movement of vehicles in and out of service bays

**Reduced Maintenance Costs**
- Specifically engineered for high-traffic, high-cycle environments, designed for day in day out use
- Assured operation without extensive ongoing maintenance
- Heavy-duty, durable components and construction

**Enhanced Customer Perception**
- High-tech design and durable powder-coated finish project modern architectural style
- Variety of colors and options can enhance the dealership image and reinforce the perception of quality
- Smooth operation reduces noise levels for less disruption to customers and technicians

**Lasting Reliability**
- Engineered to withstand the daily rigors of use and last for millions of operating cycles
- Custom manufactured for optimal fit and performance
- Spiral HZ door is certified to withstand category 4 hurricane force winds up to 175 mph
North America's Leading Independent High Performance Door Manufacturer

Rytec doors offer our customers the highest value and day in, day out performance — and are supported by the knowledge and expertise of dedicated employees, authorized dealers and trained installers across North America. With over 150,000 doors in operation — many with millions of operating cycles — our doors provide energy savings, safety and security and require only minimal maintenance.
