HIGH PERFORMANCE DOORS

SPIRAL® VP

FOR TRANSITIONAL AREAS & HOSPITALITY SETTINGS

STYLISH AND SECURE

SPIRAL® VP

Modern Architectural Design, Quality Construction and Lasting Dependability

Featuring stylish design and genuine Spiral® components the Spiral® VP rigid rolling door offers a new combination of quality, value and performance for lower speed, lower cycle applications. Now, hospitality and other commercial settings can enhance visual aesthetics without sacrificing performance or security. The Spiral VP integrates proven Spiral technology within a smaller footprint, allowing installations almost anywhere a conventional overhead door fits.

Sleek styling, quiet functioning and a compact profile make creating an appealing entryway or transition to an extended outdoor space now a reality.

Spiral VP performance is guaranteed with a **5-year limited warranty**.

Stylish Aesthetics

- Modern, crisp lines provide a stylish look ideal for new and renovated restaurant, hospitality and office settings

Assured Operation

- Unmatched 20-year warranty on high-cycle components including rollers, hinges and door tracks

Unparalleled Performance

- High performance operation for lower speed/cycle settings
- Day in, day out reliability

Solid Security

- Minimum 1 3/16-inch thick double walled aluminum slats
- Integral rubber weatherseal
- Continuous heavy-duty hinge system

Proven Durability

- Constructed with heavy-duty, high quality components

QUALITY. PERFORMANCE. RELIABILITY.
