Spiral® FV®
Ultra-High Speed, Security and Full Vision - All in One Door

Take one look at the Spiral® FV® (Full Vision) rigid rolling door in action and it makes an immediate impression. Even with ultra-high opening speed, its unique Spiral technology provides remarkably quiet operation. Its top-to-bottom full-width window slats offer extra visibility and safety, not to mention a sharp, high-tech look. All of which promote an enviable image of cutting-edge operations.

For modern production and commercial environments with high traffic, the Spiral FV will take your facility’s look and efficiency to a higher level. Because its anodized aluminum slats will not corrode, you can count on its look to last for many years even under the worst weather conditions.

Spiral FV high performance is guaranteed with a 5-year limited warranty.

- High Speed
  - Opening speed of up to 100 inches per second improves traffic flow in fast-paced environments

- Full Vision
  - Full-width LEXAN™ window slats with MARGARD™ coating provide maximum visibility and durability

- Ultra Quiet
  - Spiral track design features no metal-to-metal contact for remarkably quiet operation

- Safety is Standard
  - SmartSurround® Advanced Detection & Alert System and Advanced³ Light Curtain Safety System

- Smooth Operation
  - Advanced System 4® door controller enables precise door positioning, speed adjustment and control of all door functions

- Energy Efficient & Tight Seal
  - LEXAN polycarbonate slats and durable rubber membrane provide a 100% seal against dust, drafts and inclement weather
**Spiral® FV®**

**High Performance Full Vision Rigid Rolling Door**

### Size/Dimensions
- Maximum width up to 20’
- Maximum height up to 19’8”

### Travel Speed
- Opening speed up to 100 inches per second

### Spiral Technology
- Unique, patented design creates no metal-to-metal contact, resulting in less wear and tear on the panel
- Ultra quiet and low maintenance operation
- Utilizes AC drive motor with variable speeds to allow for soft acceleration and deceleration

### Architectural Styling
- Sleek, clear anodized aluminum slat frames with 9-inch-high clear or tinted LEXAN™ polycarbonate windows
- Durable ‘Rytec silver’ powder coated finish* is UV-stable and resists rust, corrosion and fingerprints
- Full-height/full-width visibility for added safety plus rigid-door security

### Panel Design
- Integral rubber weatherseal between the slats provides a tight weatherseal across the entire panel
- Patented hinge design allows for removal and replacement of individual slats without disassembling the door panel

### Safety is Standard
- **SmartSurround® Advanced Detection and Alert System**
  - Intuitive light curtain system + LED safety lights for traffic recognition, detection and alerting
  - Advanced³ Light Curtain Safety System continuously monitors doorway opening
  - Mechanical brake release lever allows door opening in the event of power failure

### Electrical Controls
- System 4® controller housed in a NEMA 4X rated enclosure with factory set parameters
- Intelligent processor monitors and controls power consumption during operation
- Advanced self-diagnostics for troubleshooting

### Warranty
- Five-year limited warranty on motor/mechanical components and materials
- Two-year limited warranty on electrical components
- Properly maintained, LEXAN windows are covered by a 7-year limited warranty against breaks and excessive haze or yellowing

### Options
- Pre-wired premium package
- Translucent bronze or grey tinted slats
- Hood and motor covers
- Compact BTA4 remote door controller
- Electric reversing edge with Ry-Wi® Wireless System
- Powder coated finish also available in RAL classic colors or custom match
- Multiple door activation options available; contact factory for details
